MEMORANDUM FOR: [REDACTED]

In connection with the possibility of the Agency establishing certain positions equivalent to Assistant Secretaries of executive departments, would you prepare a brief memorandum concerning possible exemption from the Annual and Sick Leave Act of persons occupying those positions.

This matter has been discussed with Colonel White and he would like to have available to him the necessary background information on which positions are exempted and what basis and what possible difficulties would be involved in pursuing this idea.

[REDACTED]
Acting General Counsel
